Mobile Connectivity & SIM Card Guide

Best Overall Option (Recommended)

-  **International eSIM (Airalo / Holafly / Nomad)**
 - Instant activation (no physical SIM needed)
 - Works across multiple countries (Netherlands → Italy → cruise ports)
 - Ideal for maps, WhatsApp, and bookings

Netherlands (Amsterdam)

-  Strong network coverage across cities
-  Local SIM providers: **Vodafone / KPN / Odido (T-Mobile NL)**
-  Available at airport & convenience stores
-  Best for longer data-heavy use within Netherlands

Italy (Florence & Rome)

-  Good coverage in cities, slightly patchy in rural/coastal zones
-  Providers: **TIM / Vodafone Italy / WindTre**
-  SIM easily available at airports, kiosks, official stores
-  Passport required for purchase

Cruise Connectivity (Important)

-  Mobile signal switches to **maritime network at sea**
-  Standard SIM/eSIM roaming becomes **very expensive onboard**
-  Expect limited connectivity on sea days

Recommended Setup (Best Balance)

-  Primary: **International eSIM (data only)**
-  Backup: WhatsApp on hotel WiFi
-  Offline: Download maps for Amsterdam, Florence & Rome
