Getting Around in Dubai

Public Transport

- Please bear in mind that it is not possible to pay in cash for any means of public transport in Dubai.
- The NOL card (Nol Card) is a rechargeable card that allows all public transport in the city to be used in an easy way
- It can be purchased at any metro station.
- There are different types of Nol cards. The Silver card is recommended for tourists. It costs 25 AED which includes a 19 AED credit.
- Download the RTA Dubai app, for information on schedules and prices and also to recharge the Nol card.
- The Nol card can also be recharged at any of the designated recharge machines available at metro and bus stations.

Other pointers to consider:

- Each passenger needs 1 Nol card
- The minimum card balance is 7.5 AED
- The maximum balance value is 1,000 AED for Anonymous nol cards and 5,000 AED for Personal and registered cards
- In order to activate the pending top up, please use your card in any online parking meter, metro gates, nol pay application or Solar Top-up Machines after 45 minutes to 4 hours to update your card balance.
- It is important to remember to swipe the card at the end of your journey, otherwise, you will be charged the maximum fare instead of paying the correct fare.
- The lowest fare is for short journeys of up to 1.8 miles, which allows you 1 transfer of up to 90 minutes. For this option, the price is 3 AED (US\$ 0.80) for silver cards
- You can also use your nol card to pay at certain stores- please refer to this link- <https://www.rta.ae/wps/portal/rta/ae/public-transport/nol/nol-merchants>
