Recommended things to buy/carry for your trip

- Travel Insurance
 - You should buy travel insurance which provides \$100,000 coverage for each member of the family.
 - Tata AIG has a good plan for Rs. 8370 which covers the four of you
 - There is a \$100 deductible though which means you will have to pay at least \$100 from your pocket if you visit a doctor or urgent care or emergency room.
 - It does not cover acute onset of any pre-existing conditions unless the condition becomes life-threatening
 - It does provide some coverage for lost baggage/missed flights but the amount covered seems very minimal and looks like they have added this benefit only for posterity sake.
 - If you go to a doctor/hospital, you will need to pay the provider and then you can file for reimbursement.
 - visitorscoverage.com has a Patriot America Plus plan with zero deductible at \$200 which covers acute onset of pre-existing conditions as well.
 - It has excellent network coverage, they pay 100% of expenses when you visit an in-network doctor or hospital otherwise they pay 80%.
 - No travel coverage though but the travel coverage that TataAIG provides isn't very good.
 - I would highly recommend getting this plan which is a bit more expensive but has a Zero deductible so you pay nothing out of pocket in case you need to go see a doctor or go to an emergency room.
 - There is also a chance that you won't need to pay anything upfront with this plan, although you will still need to file a claim later.
- Boston and NYC could get cold at night
 - Boston - max temp: 15°C, min: 8°C
 - NYC - pretty similar to Boston
 - Florida should be pleasant but humid - max temp: 28°C, min: 24°C
- Please pack winter weather clothes accordingly

- Most places in the US are pretty dry and it is easy to get sunburnt, so carry and apply sunscreen (SPF 30) when out in the Sun. It would be a good idea to apply sunscreen while in Florida as well even though it should be a bit more humid.
- Umbrellas aren't a must, the forecast doesn't call for a lot of rain so pack umbrellas only if you have extra room in the luggage.
- Electric outlets run at 110V in the US, most phone/laptop chargers generally work between 110-220V but please check your charger. Please also buy pin converters so Indian chargers work in the US. It would also be a good idea to carry a car charger.
- Doctors prescriptions/travel prescriptions for medicines (except over the counter meds)
- Walking shoes!

Cost Saving Ideas on Theme Park Tickets

- Check with friends if they can find cheaper tickets on "Tickets at Work" or at "Costco Stores"

A note about Halloween

- Where to find costumes: Search on google maps for "Spirit Halloween" stores. They pop up in every city close to Halloween and run out of inventory as well. So, I would recommend trying to find costumes while you are in Boston or NYC. These stores may not have all have the same inventory so you may need to visit a couple of them
- Halloween experiences in the USA can be divided into five large categories
 - Theme parks would be decked up in Halloween spirit but guests are not allowed to dress up when they visit the theme parks
 - Some Restaurants and Bars host Halloween nights where guests can dress up but the ambiance may not be suited for children
 - **(Recommended)** Different cities organize halloween parties in city parks which are the most family friendly parties. These are generally low key but have live bands, food stalls and a good festive environment. I recommend going to this type of a gathering with kids. Such gatherings in the US generally wrap up by 9 pm, so be sure to get there by 5 pm. One recommendation I have provided mentions that Kids' trick or treating is from 3-5 pm and adults from 5-7 pm, so please plan accordingly if you wish to go for that one
 - Block Parties: Some cities (generally around college towns) organize Halloween Block parties which are not kid friendly at all. However, it's a great experience for the adults.
 - Trick or Treating in local neighborhoods. These are mostly neighborhood specific where kids dress up, go house to house and people give them candy.

Getting around in the USA

- The Public transport system is excellent in Boston and New York but isn't great elsewhere.
- Finding parking can be very challenging in Boston and New York and if you did find it, it could be very expensive, so it is highly recommended to use public transport systems in these two cities.
- Boston: You're mostly going to be traveling by subway and bus, so buy one CharlieTicket per eligible person at any subway station and add a 1 day pass to it for \$11 per person. Children 11 and under are free.
 - [Bus and Subway Map](#)

- New York: Get one Metro Card per eligible person at any Subway station and load it with \$15. Each metro ride costs \$2.90 but transfers are free. Fares are capped at \$34 for a week, so the max you would be paying would be \$34 for all subway + bus rides in NYC.
 - Children under 44 inches tall can ride the New York City subway and buses for free when accompanied by an adult who has paid the fare.
- Finding parking in Florida shouldn't be a big deal so you should use the rental car while in FL and return it at the airport as you leave for Atlanta

Pharmacies

- **NYC:** There are a bunch of pharmacies near your hotel, and the Walgreens at 155 E 34th St (0.5 miles from the hotel) is open 24 hrs. [Map from the Hotel](#)
- **Orlando:** Walgreens at 8020 Tuscany Way (1 mile from the resort), open from 9 am to 9 pm. [Map from the Resort](#)
 - didn't find any 24 hr pharmacies nearby
- **Miami:** Walgreens at 1400 Collins Ave (2 mins walk from the resort) is open 24 hrs. [Map from the Resort](#)
- **Atlanta:** A Walmart Super Center located at 5200 Windward Pkwy, Alpharetta, is at a [10 mins walk](#) from the hotel. Open from 6 am to 11 pm

Convenience Stores

- In general, almost all gas stations (petrol pumps) in the US have a convenience store. Most gas stations and their accompanying stores are open 24 hrs. You should be able to find some first aid items at the stores as well if needed.
- **NYC:**
 - The [Walgreens](#) mentioned above is a super store and you should be able to find snacks, milk, sodas, water etc.
 - There is a [Little India](#) (10 am - 9 pm) market at 0.4 miles
 - You can find high quality grocery items/snacks at [Trader Joes](#) (8 am - 9 pm) and [Whole Foods](#) markets (7 am - 10 pm) which are nearby as well
 - There is a [7-Eleven](#) at 0.3 miles which is open 24 hrs for snacks, milk, soda, water etc as well
- **Orlando:**
 - [Publix Super Market](#) at Champions Gate Village, 8301 Champions Gate Blvd, Championsgate. Open from 7 am - 10 pm
 - There is a Patel Brothers at 8550 S Orange Blossom Trl, Orlando, at about [9 miles](#) from Universal parks. It is open from 10 am to 7:45 pm and you should be able to find good quality Indian snacks here.
- **Miami:**
 - The [Walgreens](#) mentioned above is a super store and you should be able to find snacks, milk, sodas, water etc.
 - [13th Street Market](#) is also open 24 hrs
 - There is a [Whole Foods](#) market (8 am - 11 pm) about a mile from the resort
- **Atlanta:**
 - A Walmart Super Center located at 5200 Windward Pkwy, Alpharetta, is at a [10 mins walk](#) from the hotel. Open from 6 am to 11 pm

Regarding Foreign Currency

- Have had a great experience with the site BookMyForex.com. They can deliver cards and even Cash to your home. They also come to collect any leftover cash from you.
- Some people have used Niyo forex cards and they liked them.

Mobile Connectivity

- You can buy a sim card from TSIM. I have used their physical and esim personally and they work like a charm. If you are getting two sims, I would recommend getting a T-mobile one and an At&T one.

Recommended Apps

- Uber Eats and DoorDash
 - Just know that food delivery is quite expensive in the US, oftentimes a \$40 meal ends up costing people \$60 due to delivery charges, tips etc.

Important Numbers in the USA

- 911 - one number for any emergencies. You can call this number in case of medical emergencies as well and even to call an ambulance. This number is accessible from anywhere, even where there doesn't appear to be any cell signal.
- Consulate General of India, New York - 3 E 64th St, New York, NY 10065
 - +1 347-721-9243
- There are no Indian consulates in Florida, the nearest one is in Atlanta - 5549 Glenridge Dr, Sandy Springs, GA 30342
 - +1 404-963-5902

General Tips

- Tipping people, especially at restaurants, is a norm in the US. Restaurant waiters expect anywhere between 18%-25% of your total bill as tips which you will need to add on the bank receipt when you sign it. Restaurants generally don't add gratuities for a party of 4 but some upscale ones might, so please check your receipt before adding additional tip
 - It is also customary to add tips for taxi rides, although 10%-15% tips should be fine for that
- Check out <https://slickdeals.net/>, this site updates really good deals frequently, you may be able to buy stuff while in India and have them shipped to your friends' or family's places.
