Getting around in Vietnam

Public Transport

- Apart from tuktuks (cycle driven autos) and buses, there are no other modes of public transport.
- However, the areas of Hanoi are incredibly walkable.
- In general, it is recommended to catch a cab for slightly longer distances because of the affordability.

Cabs

These are the most popular Taxi companies below-

- Grab – (ride hailing app)- you will need a data pack for this to book Taxis on the go. You can set up your account in India and set up your credit card as a payment option, before you leave on vacation
- Uber- (ride hailing app)- you will need a data pack for this to book Taxis on the go. You can use your existing account.
- Vinasun- no app available
- Mai linh- no app available

*Refrain from taking cabs which are not from the above companies to avoid scams.
Our recommendation will be the Grab app for ease, affordability and reliability.*

Mobile Connectivity while in Vietnam

- There are 3 main SIM Card providers in Vietnam, which are Viettel, Vinaphone, and Mobifone.
- **I would recommend Viettel as it is best in terms of coverage** (specially since you are traveling within Vietnam)
- Expect to pay between 150,000-350,000 VND (Rs. 500 - Rs. 1200) for a SIM card and then additional for a prepaid data package
- The best place to buy a sim card is at the airport kiosks
- Even if you do not purchase an international roaming plan for your current India number, remember to activate roaming so that you receive messages (important for things like OTPs).
