Getting around in Vietnam

Public Transport

- Apart from tuktuks (cycle driven autos) and buses, there are no other modes of public transport.
- However, the areas of Hanoi, My Khe Beach, Da Nang City and Hoi an are incredibly walkable.
- In general, it is recommended to catch a cab for slightly longer distances because of the affordability.

Cabs

These are the most popular Taxi companies below-

- Grab – (ride hailing app)- you will need a data pack for this to book Taxis on the go. You can set up your account in India and set up your credit card as a payment option, before you leave on vacation
- Uber- (ride hailing app)- you will need a data pack for this to book Taxis on the go. You can use your existing account.
- Vinasun- no app available
- Mai linh- no app available

*Refrain from taking cabs which are not from the above companies to avoid scams.
Our recommendation will be the Grab app for ease, affordability and reliability.*

Mobile Connectivity while in Vietnam

- There are 3 main SIM Card providers in Vietnam, which are Viettel, Vinaphone, and Mobifone.
- **I would recommend Viettel as it is best in terms of coverage** (specially since you are traveling within Vietnam)
- Expect to pay between 150,000-350,000 VND (Rs. 500 - Rs. 1200) for a SIM card and then additional for a prepaid data package
- The best place to buy a sim card is at the airport kiosks
- Even if you do not purchase an international roaming plan for your current India number, remember to activate roaming so that you receive messages (important for things like OTPs).

Important Numbers

Here are few numbers you may need while in Vietnam:

- International Dialing Code: +84
- Domestic Calls (within Vietnam): 0 + Area code + Telephone No.
- International Calls (outside Vietnam): 00 + Country code + Area code + Telephone No.
